

Not just your  
Grandma's  
AFM!

Dear Colleague,

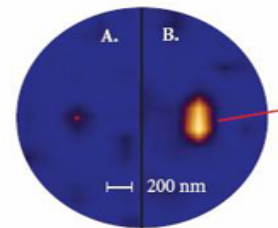

MRS is just around the corner and NanoTech-America/NT-MDT has a cornucopia of AFM technologies for you! Visit us in **Booth #604** to see:

- The most flexible AFMs, ideal for single users, multiple users, or even multiple group use ... "Our AFMs G-R-O-W as your lab grows!"
- Real 3D nanotomography – from the bulk!
- Fully integrated AFM/Raman
- Nano-stable Thermal systems
- High-throughput combinatorial AFM

## NTegra Spectra AFM/Raman:

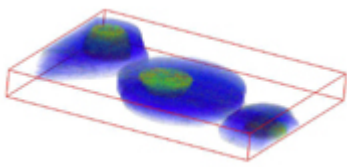

Now scheduling demonstrations!

Do you need AFM and Raman from exactly the same location? Raman maps or spectra from a single molecule? Ask our specialists about running your samples or scheduling a live demonstration. Email [Kim@nt-america.com](mailto:Kim@nt-america.com) for details.

*Single molecule  
AFM/Raman image*

2006 R&D 100 Award Winner!

*TOMO image: Dried emulsion*

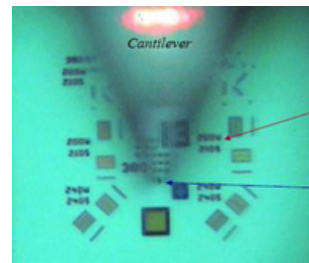

## NTegraTomo—the first integrated AFM/Ultramicrotome

Ever wondered how your materials or phases are really distributed in 3D? Open the window to the REAL world with NTegra TOMO, a unique integration of NT-MDT's classic NTegra with Leica's elegant UC-6 Ultra Microtome.

## Bring samples!

We will have NTegra Prima running on the show floor. Ask us how the AFM's from NT-MDT can "see around corners."

Meet the brains behind NT-MDT's state of the art AFMs! In addition to NTA's own wonderful tech specialists, Dr. Sergey Saunin, VP R&D, and Dr. Pavel Dorozhkin, Project Leader/ Raman Spectroscopy, will also be available for discussion.

See you at the 2006 MRS Fall  
Meeting & Exhibit!

Hynes Convention Center  
Boston, MA

If you would like your name removed from future NT-America emails, please place REMOVE into the "Subject" and send to [barbara@nt-america.com](mailto:barbara@nt-america.com)

As a pre-registrant of the 2006 MRS Fall Meeting & Exhibit, you are receiving several emails such as the above with advance information about the Fall Exhibit. These emails are sent to you as a service directly from MRS; your email address is never provided to external organizations. If you do not wish to receive these messages, you may opt out now by sending an e-mail with "Unsubscribe" in the "subject line" to [mo1@lucy.mrs.org](mailto:mo1@lucy.mrs.org).
